Workspace Booking Procedure

This procedure explains how staff reserve shared desks in the fictional Riverside office.

1. Purpose

Shared desks are limited. Booking ahead keeps seating fair and lets the facilities team plan cleaning.

2. Scope

This applies to every hot desk on floors two and three. Meeting rooms use a separate procedure.

3. Booking a Desk

3.1 Before You Book

Check the floor plan for quiet zones. Desks near the windows fill up first on Mondays.

3.2 Making a Booking

Use the booking portal and follow these steps.

- Choose the date and floor.
- Pick a free desk on the map.
- Confirm and keep the booking reference.

4. Cancellations

Cancel at least two hours before the booking starts so the desk returns to the pool. Three missed bookings in a month pause booking rights for one week.

5. Escalation

If the portal is down, contact the facilities desk.
